1 General information

KP Tissue Inc. (KPT or the Corporation) was incorporated by articles of incorporation under the Canadian Business Corporations Act on October 1, 2012. As of March 29, 2015, the Corporation held a 16.5% (December 31, 2014 – 16.5%), interest in Kruger Products L.P. (KPLP or the Partnership), whose principal business is to produce, distribute, market and sell a wide range of disposable tissue products, including bathroom tissue, facial tissue, paper towels and napkins for both the consumer and away-from-home markets in North America. The Corporation's headquarters are located in Mississauga, Ontario, Canada.

2 Basis of presentation

The condensed financial statements have been prepared in accordance with International Financial Reporting Standards, applicable to the preparation of interim financial statements, including International Accounting Standards (IAS) 34 – Interim Financial Reporting as issued by the International Accounting Standards Board (IASB), and with interpretations of the International Financial Reporting Committee which the Canadian Accounting Standards Board has approved for incorporation into Part 1 of the CPA Canada Handbook - Accounting. The condensed financial statements should be read in conjunction with the financial statements for the year ended December 31, 2014. The condensed financial statements were approved for issuance by the board of directors on May 6, 2015.

3 Summary of significant accounting policies

The significant accounting policies that have been used in the preparation of these condensed financial statements are described in the annual financial statements of KPT for the year ended December 31, 2014 and have been applied to all periods presented.

The impact of new standards, amendments to standards and interpretations that have been issued but not yet effective for financial periods beginning on or after January 1, 2016 and have not been early adopted have been discussed in the annual financial statements for the year ended December 31, 2014, except for the following:

- (i) IAS 34 Interim Financial Reporting. The IASB has issued an amendment to clarify what is meant by “information disclosed elsewhere in the interim financial report”. IASB prescribes the minimum content for an interim financial report, and the principles for recognition and measurement in complete and condensed financial statements for an interim period. Management is evaluating the standard and has not yet determined the impact on its unaudited condensed interim financial statements.

4 Critical accounting estimates and judgments

The preparation of these unaudited condensed interim financial statements in conformity with IFRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities in the unaudited condensed interim financial statements and the disclosure of contingencies at the dates of the unaudited condensed interim statement of financial position, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The estimates and judgments applied by management that most significantly affect the unaudited condensed interim financial statements are the same as the ones that applied to the audited financial statements for the year ended December 31, 2014.
