## Notes to Unaudited Condensed Financial Statements

For the 39-week periods ended September 25, 2016 and September 27, 2015

---

(tabular amounts are in thousands of Canadian dollars, except share amounts)

### 1 General information

KP Tissue Inc. (KPT or the Corporation) was incorporated by articles of incorporation under the Canadian Business Corporations Act on October 1, 2012. As of September 25, 2016, the Corporation held a 16.2% (December 31, 2015 – 16.3%), interest in Kruger Products L.P. (KPLP or the Partnership), whose principal business is to produce, distribute, market and sell a wide range of disposable tissue products, including bathroom tissue, facial tissue, paper towels and napkins for both the consumer and away-from-home markets in North America. The Corporation's headquarters are located in Mississauga, Ontario, Canada.

### 2 Basis of presentation

These condensed financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) applicable to the preparation of interim financial statements, including International Accounting Standards (IAS) 34 – Interim Financial Reporting as issued by the International Accounting Standards Board (IASB), and with interpretations of the International Financial Reporting Committee which the Canadian Accounting Standards Board has approved for incorporation into Part 1 of the CPA Canada Handbook - Accounting. These condensed financial statements should be read in conjunction with the annual financial statements of the Corporation for the year ended December 31, 2015.

These condensed financial statements were approved by the board of directors on November 2, 2016.

### 3 Summary of significant accounting policies

The significant accounting policies that have been used in the preparation of these condensed financial statements are described in the annual financial statements of the Corporation for the year ended December 31, 2015 and have been applied to all periods presented except the following accounting policies, which were adopted effective January 1, 2016:

- (i) IAS 34, Interim Financial Reporting. The IASB issued an amendment to clarify what is meant by “information disclosed elsewhere in the interim financial report”. IAS 34 prescribes the minimum content for an interim financial report, and the principles for recognition and measurement in complete and condensed financial statements for an interim period. The amended standard had no impact on the unaudited condensed financial statements.

The impact of new standards, amendments to standards and interpretations that have been issued but not yet effective for financial periods beginning on or after January 1, 2017 and have not been early adopted have been discussed in the annual financial statements for the year ended December 31, 2015, except for the following:

- (i) IAS 12, Income Taxes – Deferred Tax. The IASB issued an amendment to clarify the requirements for recognising deferred tax assets on unrealised losses. The amendment clarifies the accounting for deferred tax where an asset is measured at fair value and that fair value is below the asset's tax base. Certain other aspects of accounting for deferred tax assets are also clarified. The amendment is effective for annual periods beginning on or after January 1, 2017, with early adoption permitted. Management is evaluating the amended standard and has not yet determined the impact on its unaudited condensed financial statements.
- (ii) IFRS 2, Share-based Payments. The IASB issued an amendment to address (i) certain issues related to the accounting for cash settled awards, and (ii) the accounting for equity settled awards that include a “net settlement” feature in respect of employee withholding taxes. The amendment is effective for annual periods beginning on or after January 1, 2018. The amended standard will not have an impact on the unaudited condensed financial statements.

For the 39-week periods ended September 25, 2016 and September 27, 2015

(tabular amounts are in thousands of Canadian dollars, except share amounts)

**4 Critical accounting estimates and judgments**

The preparation of these unaudited condensed financial statements in conformity with IFRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities in the unaudited condensed financial statements and the disclosure of contingencies at the dates of the unaudited condensed statement of financial position, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The estimates and judgement applied by management that most significantly affect the unaudited condensed financial statements are the same as the ones that applied to the audited financial statements for the year ended December 31, 2015.

**5 Investment in associate**

**6 Income taxes**

The Corporation is required to pay income tax on its share of the taxable income of KPLP. The Corporation has not recognized at the date of acquisition the deferred tax assets and liabilities related to the differences between the accounting and tax basis of KPLP's assets and liabilities. Accordingly, the Corporation is tracking the temporary differences that were subject to the initial recognition exemption and recognizes newly created temporary differences as they arise.

The major components of income taxes recognized in the statement of comprehensive income (loss) were as follows:
